Quantity Surveying, Project & Construction
Management Services."*

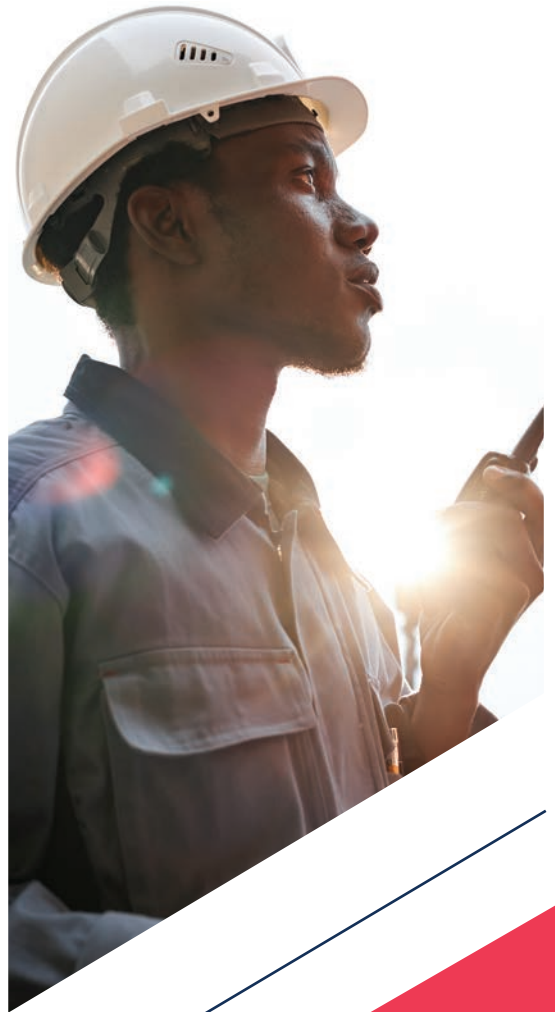

Est. 2012

ABOUT US

Bosele Consulting is specializes in Quantity Surveying, Project Management and Construction Management services.

Our objective is to provide exceptional value-adding services of the highest quality. We are a fully Black-owned company established in 2012 with the primary goal of providing sustainable professional solutions through the use of technology, contemporary principles, and up-to-date methodologies. We maintain the highest levels of professionalism, ethics, and values in our work practices.

VISION

Our objective is to position ourselves as the industry's preeminent supplier of multi-disciplinary professional services related to the built environment. We are committed to providing our customers with services of the greatest possible quality, as well as the highest levels of professionalism and ethics.

MISSION

Our objective is to give our customers with high-quality, cutting-edge, and time-saving solutions that are congruent with their overarching goals pertaining to quality, cost, value for money, and the passage of time.

At Bosele Consulting, we believe in using the latest technology and software to ensure that our projects are completed efficiently and to the highest quality standards. We also believe in sustainability and always strive to minimize the environmental impact of our projects.

Our company has a proven track record of successfully completing a wide range of projects, including commercial, residential, and infrastructure projects. Our reputation for excellence has made us the go-to choice for many leading companies and organizations.

Our team of highly skilled professionals is dedicated to providing bespoke solutions that cater to the unique needs and requirements of each of our clients. We believe that quality is paramount and strive to ensure that each project we undertake is delivered to the highest possible standard.

OUR SERVICES

QUANTITY SURVEYING

Our quantity surveying services include estimating and managing costs related to construction projects. Our team of experts provides detailed cost estimates and continually monitors project costs to ensure that the project is delivered within the budget.

PROJECT MANAGEMENT

We also offer project management services where we oversee the entire construction process, from planning to execution. Our project managers work closely with our clients to ensure that the project is completed on time, within budget, and to the required quality standards.

ENGINEERING SERVICES

Bosele Consulting offers a full range of Engineering services, from conceptual design to precise execution. Our expert engineers excel in civil, structural, mechanical, and electrical engineering, delivering innovative solutions that surpass expectations. We turn visions into reality with unwavering commitment to excellence.

Building your vision with expert

A man wearing a white hard hat and a tan work shirt is shown in profile, looking towards the left. He is in a factory or industrial setting, with blurred machinery and bright windows in the background. A dark blue banner with white text is overlaid on the lower left portion of the image.
